

The Strength to Love

Prayer to Saint Brother André, Patron Saint of caregivers

Saint Brother André, day after day, you knew how to welcome with love and compassion the people who came to you to share their sufferings. You knew the fatigue of those long hours devoted to the service of others.

Who, better than you, could understand the fatigue of women and men who devote themselves day after day to the service of a loved one marked by illness.

Who, better than you, could commune with the suffering of the Sick and their joy of having someone close to them ready to help them day after day.

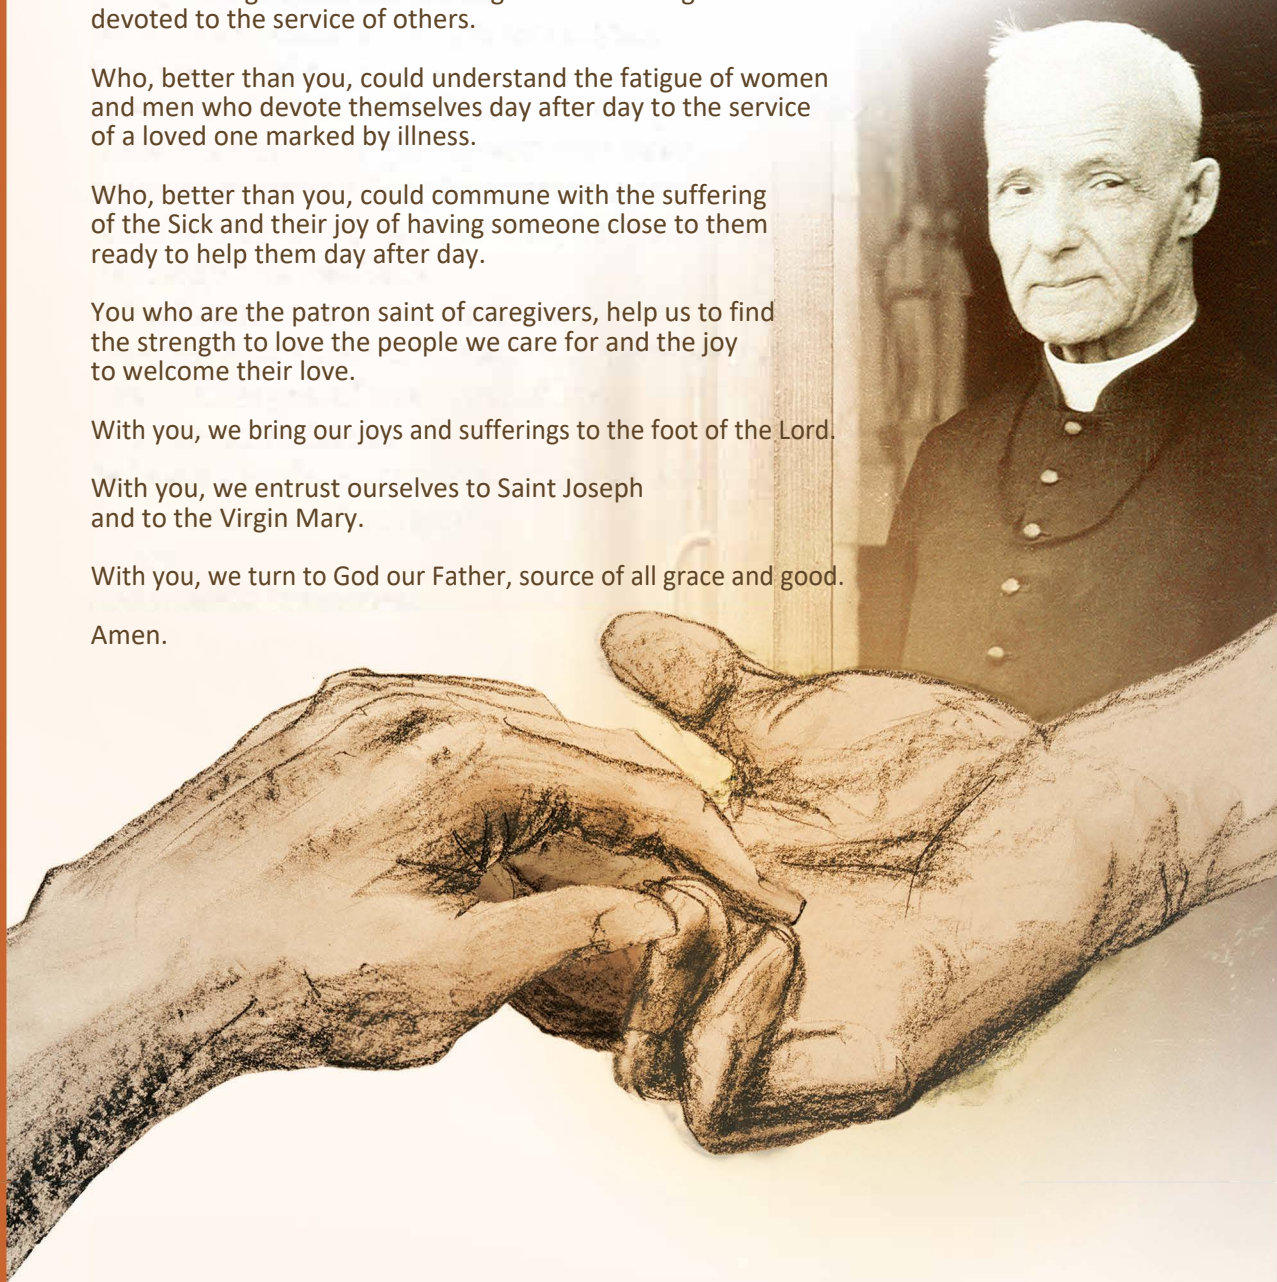

You who are the patron saint of caregivers, help us to find the strength to love the people we care for and the joy to welcome their love.

With you, we bring our joys and sufferings to the foot of the Lord.

With you, we entrust ourselves to Saint Joseph and to the Virgin Mary.

With you, we turn to God our Father, source of all grace and good.

Amen.
